DEDICATION

"Where are you going?" . . . "Where are we? Where have we been?", we keep asking you.

We are dedicating this yearbook to you, Mr. Santospago, because you often raise the question of what, as a class, we are doing. Your interests were not only in us as a class, but in us as individuals. You helped us in many ways: our slave drive, the last-minute chaperoning for our dances, and our class meetings.

We will miss your constant air of tobacco, your conservative ideas, but especially, your sense of humor.

We may change, Mr. Santospago. Please don't you.

As you have greeted us with a warm smile and a friendly "Hello," we will always remember the quiet and effective ideas you have given us. You have helped us to recognize some of the problems in our plans as a class, and you have given us both your time and suggestions, for which we are deeply grateful. Therefore, the graduating class of 1971 would like to dedicate this yearbook to you, Mrs. Iona Nickeson, in hope that you will remember us as we will remember you.

RECOGNITION

From time to time people who have traveled together are parted. Sometimes travelers find themselves lost to each other. Occasionally the travelers, though farther apart in distance, come closer in appreciation.

Thank you for helping us start out and thank you for accompanying us on a part of our journey. Though your friendship has become more than ever a treasure in our hearts and we have been glad to see you when you have been "back" to see us, we miss you, Mr. Stayn.

To sing is to love and to affirm, to fly and soar, to coast into the hearts of the people who listen, to tell them that life is to live, that love is there, that nothing is a promise, but that beauty exists, and must be hunted for and found. BIOLOGY CLUBS

I call this meeting to order. Did you hear that Weston College is being sold? Over 200 houses are going to be put on its land! Who's going to get the rotofiller? Where is everybody? Let's survey the Weston College land. Let's clean up the trash around the school. Am I the only one coming? $50 or more from the Garden Club. Now all we need are people to come help.

There's something fishy around here. Field trip to Baker's Island. 6:00 A.M. tides, 32 water. A cry from the tidepool "How do you pick up a crab without being bitten?" Yoga in the living room. Whose turn to clean it? Not mine!

"Hey Mark, where's your courage? Scissors, forceps, scapel; AHHH, amputation completed. Well Karen, I hate to say this but . . .! Those rotten chickens! Catch that moth! Gimme that trash barrel!! Smile! It's like this, Mark . . . ! Oh it's Alan! Oh sick, I'm going to faint!"

WESTON-ROMBAS AFFILIATION

The Weston-Rombas Affiliation was established as a Town Committee at the 1950 Town Meeting to promote interest in understanding the culture and peoples of different nations. An exchange of students for an entire school year between Rombas (Moselle) France and Weston has been maintained since 1954. There have also been exchanges with Porto Alegre, Brazil and Brussels, Belgium.

Exchange students this year at Weston High School are Danièle Wypych, Rombas France; Baudouin de Brabandère, Rosières, Belgium; and Helenita Bueno Santos, Porto Alegre, Brazil.

The students representing Weston in the exchange program this year are Kim Coburn, Rombas, France and John Littlefield, Brussels, Belgium.

AMERICAN YOUTH EXCHANGE

American Youth Exchange is a reciprocal summer exchange program between high school students in the United States and six countries in South America: Argentina, Brazil, Bolivia, Chile, Colombia, and Peru.

U.S. students between the age of 15 through 18 apply in March and April through the Spanish department at Weston High School. If they are accepted, they are placed with a family in the South American country of their choice having children their age, leaving the U.S. in late June and returning ten weeks later. In return, the U.S. family hosts a South American student from January through March. Transportation expenses are paid for by the individual student's parents. Living expenses are paid for by the host family.

Last summer Susan Murphy and Anne Rowen were in Peru; Nancy Tucker was in Chile, and Liddy Berry in Argentina.

"Are we playing *Gallant Men* again?" . . . Band meeting every night where guests were served Coke and pretzels while viewing pictures of the marching band walking on water . . . Extra band rehearsals in a week makes for a very busy conductor. The soccer team was hampered by a dearth of experienced players. However, with an all-star goalie, the team entered the season with confidence. This soon evaporated, leaving a residue of several 1-0 losses. The team rallied finally for 2 or 3 wins, including a satisfying victory over archrival Wayland. Morale problems caused a final lapse into defeat by Rivers and Cambridge School, when the season ended not with a bang, but a whimper. Although next year's team is losing the aforementioned goalie, some of the new talent gained experience. It will be a sure thing for the Dual County Championsip '71.

"Are you ripplin', are you ripplin'?" Mediocre 8-9 season, . . . Big upset against Lincoln-Sudbury. *Moon River* Bob Kulow falls asleep again. Rob Johnson gets a haircut while Ron Sussman goes to France . . . "Are you sure you're not on something?" Meanwhile Andy Savitz opens his mouth and chokes on Dave DeLeeuw's headband. During the commotion Doctor Anton falls down and goes "ouch" as Kevin Downey implores, "Get him off his back, ref!" And much to the chagrin of all, coach "Big Al" can only master a faint "Get him out of the bucket, ump!" And so ends another season of WHS Basketball . . . but then again, that's the way the ball bounces.

We surprised people this season. After 9 of our top scorers graduated, other teams expected us to have a rebuilding season, possibly finishing a distant fourth in the league. But we proved them wrong, winning our first 6 meets. We entered the last meet of the year undefeated, meeting Acton for the league championship. They were a strong team, and we lost 72 to 59. The defeat was a big letdown, but the season was still a success, finishing second ahead of Wayland and Westwood. A week later, we had the all-league meet, and perhaps we surprised people more by our failure in this meet than by our success during the season. We finished tied for last place. This was only an indication that we won all our dual meets on overall depth, and not on brilliant individual performances.

We give special thanks to Mr. Duncan and Mr. Candlelet, for their commitment to not only the stars of the team, but to all those willing to compete. Many coaches would have looked at us when the season began and given up, but we were allowed to believe we couldn t win.

The future arrives sooner at Raytheon.

When you work at the forefront of technology, you work on "tomorrow" every day.

That's what we do at Raytheon. With amazing results. For example, Radarange® microwave ovens for the home. A miniature furnace the size of a two-pound coffee can. Motionless radars that "see" everywhere at once.

Our facilities stretch around the world. And our activities extend from space exploration to pollution control.

Raytheon. The company that makes things happen.
